

Year group: 1 Our theme for this half term is: Come with me across the sea!

All of the homework options below are linked to either this theme or other learning from this term such as English / Maths / Science etc.. **Pupils are expected to read for 15 minutes every day and practice their phonics / spellings and times tables every day** as well in addition to **choosing 1 thing** from the options below **each week**. Try to ensure you do a balance of different activities over the half term, for example maths one week, creative the next etc... Work (which can include photographs / evidence of activities or visits etc..) should be recorded in this Learning at Home book (unless it is a model).

English

- Read your home reading book, say and write sentences to explain what the story is about
- Practise forming lower case letters in cursive handwriting.
- Write your own story about the boy and the penguins adventures. – Where do they go? What animals do they meet?
- Practise writing sentences using joining words (conjunctions) and, because, but.

Maths

123

- Write your number bonds to 10. / 20 and 100 Eg: $6 + 4 = 10$ $16 + 4 = 20$ $60 + 40 = 100$
- Practise your 2, 5 and 10 times tables.
- Ask your grown up if you can pay for some items in a shop. Can you give the correct money? Can you count the change?
- Go on a shape hunt around your house. Make a list of the different objects you found and what shapes they are.
- Write down directions from your kitchen to your bedroom. Using $\frac{1}{4}$ turn, $\frac{1}{2}$ turn, $\frac{3}{4}$ turn
- Create a repeating pattern using different shapes.

Homework

Creative

- Make a collage of a summer scene using different materials..
- Draw a picture of a tree as it looks now and then draw it again before we break up. How has it changed?
- Draw or paint 2 pictures, 1 showing features of a hot country, 1 showing features of a cold country.
- Draw different animals and label what you know about them (mammal, reptile, amphibian, bird, fish, herbivore, carnivore, omnivore.)
- Make a picture using potato printing. What else could you use to print different shapes?

Other (Scan QR codes)
