

Animal washing Station

This is a simple fun activity for your children to enjoy exploring mud and water. Providing a few small toy animals, a bowl of soil, a bowl of water and a small brush, such as a tooth brush can provide a great activity.

Water Painting

This is a simple activity that children can enjoy both inside or outside on a sunny day. A simple plastic pot, like a yogurt pot full of water and a brush will provide a lovely enjoyable pastime to make their marks.
