

# PE and Sport Premium Grant

Planned allocation of funding allocated for 2020-21

## What is the Eastwood context?

Eastwood is a larger than average primary school based in the centre of Keighley catering for a diverse community of 2-11 year olds and their families. The percentage of pupils eligible for Pupil Premium is 28% which is not as high as expected or as is possible when compared to the area's deprivation index. The school population is relatively stable; there are an increasing number of families of Central European origin moving into the area and choosing Eastwood for their children. Many year groups have waiting lists. Attendance is generally good but school has to work hard to achieve national targets.

Eastwood prides itself on being a community school, going over and above the expected, particularly with regard to family support, and experiential hands-on learning in order to ensure our pupils achieve the best possible standards and are ready for the challenges of secondary school and the world of work.

## What is the PE and Sport Premium Grant?

The [School Sport and Activity Action Plan](#) set out government's commitment to ensuring that children and young people have access to at least 60 minutes of sport and physical activity per day, with a recommendation of 30 minutes of this delivered during the school day (in line with the [Chief Medical Officers guidelines](#) which recommend an average of at least 60 minutes per day across the week).

The PE and sport premium can help primary schools to achieve this aim, providing primary schools with £320m of government funding to make additional and sustainable improvements to the quality of the PE, physical activity and sport offered through their core budgets. It is allocated directly to schools so they have the flexibility to use it in the way that works best for their pupils.

The government provides additional funding of £150 million per annum for this academic year again to improve the provision of physical education (PE) and sports in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - will be allocated to primary school Head teachers. This funding is ring-fenced and therefore can only be spent on the provision of PE and sport in schools.

## Funding should be used for to support the engagement of all pupils in regular physical activity, for example by:

- providing targeted activities or support to involve and encourage the least active children
- encouraging active play during break times and lunchtimes
- establishing, extending or funding attendance of school sport clubs and activities and holiday clubs, or broadening the variety offered
- adopting an active mile initiative
- raising attainment in primary school swimming to meet requirements of the national curriculum before the end of key stage 2. Every child should leave primary school able to swim

Profile of PE and sport is raised across the school as a tool for whole-school improvement, for example by:

- actively encourage pupils to take on leadership or volunteer roles that support the delivery of sport and physical activity within the school (such as 'sport leader' or peer-mentoring schemes)
- embedding physical activity into the school day through encouraging active travel to and from school, active break times and holding active lessons and teaching

Increased confidence, knowledge and skills of all staff in teaching PE and sport, for example by:

- providing staff with professional development, mentoring, appropriate training and resources to help them teach PE and sport more effectively to all pupils, and embed physical activity across your school
- hiring qualified sports coaches and PE specialists to work alongside teachers to enhance or extend current opportunities offered to pupils

Broader experience of a range of sports and activities offered to all pupils, for example by:

- introducing a new range of sports and physical activities (such as dance, yoga or fitness sessions) to encourage more pupils to take up sport and physical activities
- partnering with other schools to run sports and physical activities and clubs
- providing more and broadening the variety of extra-curricular activities after school in the 3 to 6pm window, delivered by the school or other local sports organisations

Increased participation in competitive sport, for example by:

- increasing and actively encouraging pupils' participation in the [School Games](#)
- organising, coordinating or entering more sport competitions or tournaments within the school or across the local area, including those run by sporting organisations

The amount a school receives is calculated from the school census each year. Pupils aged 5 or older are eligible to receive the funding.

## Total funding estimated to be received 2020-21 = £17,800

Identified need?	Funding?	Actions / Focus of support?	Intended Impact	Impact Review
Expansion and breadth of sporting, outdoor and adventurous activities	£2,000	Staff training and purchase of equipment to enable the following activities to be included in our Outdoor Learning / PE provision including: <ul style="list-style-type: none"> <li>• Orienteering</li> <li>• Grass sledging</li> <li>• Curling</li> <li>• Tri-golf</li> <li>• Ultimate Frisbee</li> <li>• Kabadi</li> </ul>	Pupils will have increased cultural capital as a result of broadened access to sports in school. All pupils will have equal access to a range of sports using good quality resources. Pupils will enjoy PE lessons.	
Use of the minibus to enable pupils to attend inter and cross school sport competitions	£1,000	Hiring of a minibus or payment of costs for the school minibus to enable pupils to attend a range of after school competitions including: <ul style="list-style-type: none"> <li>• Cross-country</li> <li>• Basketball</li> <li>• Multi-skills</li> <li>• Football</li> <li>• Rugby</li> </ul>	Pupils will have increased access to participation in inter schools competitions. Participation will improve as a result of expenditure.	

To promote healthy lifestyles through equipment to use at break times .	£550	Allocated funding to each key stage to purchase playground equipment for use by all pupils.	Pupils will be more active at break times as a result of additional equipment available to them.	
To promote healthy lifestyles through provision of a Daily Ten circuit training approach (similar concept to Daily Mile).	£550	Purchase of equipment for Daily Ten circuit training. Staff training in Daily Ten approach. Record keeping system to show progress / improvement Rewards for significant improvements / effort termly	As space is limited on site we are unable to facilitate the Daily Mile. The Daily Ten is a similar approach to 10 minutes of circuit training over 5 or 10 bases at an age appropriate level requiring less space. All pupils will be engaged in the Daily Ten and monitoring will show evidence of impact	
To promote attendance at after school sporting provision (targeted pupils who are the least active)	£1,500	To encourage a more active lifestyle and improve the fitness levels of pupils through physical activity. To broaden the range of activities on offer including: Badminton Rounders Line dancing Skipping Football Cricket  To ensure adequate staffing and supervision at after school sporting competitions.	Increased numbers of pupils will be registered for school teams and will attend competitions. Eastwood will have increased presence at inter-schools competitions. Newsletters / website / Twitter will demonstrate evidence of impact.	
To support parents with ensuring pupils have active lifestyles at home as well as school (targeted pupils who are the least active)	£200	To meet regularly with parents to share information and discuss worries / concerns around healthy lifestyles. To actively encourage pupil participation in sporting activities outside of the school day. To liaise with outside agencies and providers of sporting activities for targeted families outside of school.	As a result of support, more parents and families will access local sporting provision and parents will, as a result, be more active.	
To engage parents in sporting and health activities in the local area (targeted pupils who are the least active)	£1,500	Sports council to promote parental engagement. School to promote and facilitate where possible parental attendance at school / inter-school sporting activities. School to engage with Keighley Healthy Living service, School to promote healthy lifestyles (newsletters, website, Twitter).	As a result of support, more parents and families will access local health provision and parents will, as a result, be more active. School will be proactive in promoting healthy lifestyles and parents will be able to articulate this.	
Specialist coaching for PE lessons	£10,500	Hiring of specialist sports coaches to deliver PE lessons across school to all year groups. Staff to shadow and support as part of their own CPD to ensure sustainability. Bespoke CPD for staff to develop skills, knowledge and understanding of how to deliver broadened curriculum.	Pupils will have access to higher quality specialist coaching provision. Staff confidence and skills will be enhanced as a result of CPD facilitated by shadowing a specialist coach.	
Total Spend:		£17800
